

QUALITY POLICY

Assess Orr strives to be the leader in heavy lift and industrial equipment supply and service. The diversity of the projects we have completed ensures we have the knowledge and experience to understand client requirements and deliver high quality products and services.

The quality of our products and services is supported by our commitment in implementing and maintaining a robust Quality Management System by:

- Aligning with AS/NZ ISO 9001:2015 Quality Management Systems – Requirements.
- Aligning with AS ISO/IEC 17025-2005 General requirements for the competence of testing and calibration laboratories
- Aligning with AS ISO/IEC 17020-2013 Requirements for the operation of various types of bodies performing inspection.
- Constantly seeking improvements in all areas of our business operations by change & innovation. Developing, documenting and monitoring new work practices.
- Completing all projects with a consistently high level of quality by exceeding our customer needs, requirements and expectations.
- Ensuring all of our employees, contractors, & suppliers are customer focused, and are highly competent in providing the utmost reliable & proficient service and products to meet our customer requirements - on time, every time.
- Staying committed to ensure all our employees work is in accordance with legislation, regulations and relevant codes of practices.
- Periodically reviewing the effectiveness of this policy and communicating it to all relevant personnel.

Our Quality Policy provides a framework for establishing and reviewing our Quality Objectives.
