

ENVIRONMENT POLICY

Assess Orr strives to be the leader in heavy lift and industrial equipment supply and service. The diversity of the projects we have completed ensures we have the knowledge and experience to understand client requirements and deliver high quality products and services.

Assess Orr is diligent in recognising our ongoing commitment to the protection and preservation of our environment. We are focused on environmental performance of the highest level and will continue to achieve and improve our performance by adhering to this policy and ensuring the protection of the environment.

Our environmental performance is supported by our commitment in implementing and maintaining a sound Environment Management System by:

- Aligning with AS/NZ ISO 14001:2015 Environmental Management Systems – Requirements
- Constantly seeking improvements in all areas of our business operations by change & innovation. Developing, documenting and monitoring new work practices
- Introducing programs that overseas limiting pollution to our environment by focusing on alternate substances and materials in use
- Assessing and pursuing the minimization of environmental impacts associated within the activities that we perform
- Strictly adhering to environmental legislation and ensuring compliance through regular and consistent auditing
- Continually striving to improve our employees, contractors and visitors awareness to the importance of environmental performance

Assess Orr welcomes participation and consultation with clients, employees, contractors and any other interested stakeholders in developing new and innovative ways of protecting, preserving and enhancing the environment.

Our Environment Policy provides a framework for establishing and reviewing our Environmental Objectives.
