

RISK MANAGEMENT POLICY

Assess Orr Pty Ltd (Assess Orr) recognises that the effective management of risk is central to the continued growth and success of Assess Orr and its Interested Parties operations and achievement of our and their business objectives.

By understanding and managing risk, we provide greater confidence for our Interested Parties. In addition, we are better informed, more decisive and able to pursue growth and the creation of long-term Interested Parties with increased confidence.

Throughout the Company, we adopt a structured and consistent approach to risk management, aligning strategy, processes, people, technology and knowledge for evaluating and managing the uncertainties faced in creating value for our Interested Parties.

All risks identified by Assess Orr will be managed as a minimum in accordance with its own Procedures, Policies as well as client Procedures, Policies and all relevant legislation and industry best practice.

Our aim is for the risk management process to be fundamental to all of our critical business systems and processes. This is achieved through leadership, accountability, risk identification, risk assessment, risk control and monitoring.

Risk controls will undergo continuous evaluation and improvement. Through the encouragement of enterprise and innovation, corporate governance is assured through the regular measurement and reporting of our risk management performance.

These assurance processes will focus on improving our ability to manage risk, so that we can continue towards Zero Harm and to act on opportunities to gain competitive advantage, create value and achieve real growth for our Interested Parties.
